

Crazy Nights in Osu

We hadn't been too impressed during our initial excursion in Osu, Accra's most popular nightlife spot. But that was because we had limited ourselves to Oxford Street. The moment you step off that main drag, the annoyances vanish, revealing an enjoyable neighborhood with plenty of options for fun.

For our return to Osu, we decided to take our time, reserving an entire afternoon and evening for exploration. We began in the quiet, largely residential areas found the east of Oxford Street. There weren't a lot of memorable sights in this area, but we enjoyed the peacefulness. I didn't realize that Osu might also be a pleasant place to live, but I could totally see us being happy in the area
